

Carbon Literacy Training

Staffordshire County Council's Green Solutions are pleased to announce new dates for our fully funded training course, Carbon Literacy Training.

Carbon Literacy Training is not about writing about carbon it's about understanding what carbon is, its impact and what you can do about it to reduce it in your business and everyday activities.

Carbon Literacy Training is available to Staffordshire businesses (excludes Stoke-on-Trent area) of any size. Two **free** places per business.

Not what I thought it would be. It is extremely interesting and of value to both businesses and individuals.

Gemma Hammond – Business Enterprise Support Ltd

[See what Jo Williams – Staffordshire has to say about her experience of the Carbon Literacy Training](#)

Our course dates are:

13th November 2024 - timings 09.30am start, finishing at 05.00pm. Venue: Daisy Bank House, 17 – 19 Leek Road, Cheadle, ST10 1JE

10th & 11th December 2024 – timings 09.30am start, finishing at 1.30pm. Online course.

Please note: our online courses are for two four-hour morning sessions on consecutive days.

For more information, dates and to register please visit: <https://sben.co.uk/funded-support/carbon-literacy-training/>

Following successful completion of the training you will be awarded a unique Carbon Literacy certificate and 8 CPD credits.
